

**To: 2009 Damboree Parade Entries & Spectators**  
**From: The Boulder City Damboree Committee**  
**Re: Water Adjustments – 2009 Damboree Parade**

**It is the desire of the Boulder City Damboree Committee to provide a safe and pleasurable event experience for all. It is clear that what was once held in check as “water play” in our parade has escalated to a level that is unacceptable for some of our entries and spectators.**

**THE FOLLOWING PARAMETERS ARE SET FORTH SO THAT ALL WHO ATTEND  
OUR PARADE WILL BE SAFE AND HAVE AN ENJOYABLE EXPERIENCE**

#### **Route**

- Entries will have the option to be considered a water entry or non-water entry. Non-water entries will be placed at the beginning of the parade and must put a sign on their entry indicating - no water, please. Those who want to engage in water play will be at the end of the parade and must put a sign on their entry indicating - water play OK. There will be a point of demarcation in the parade lineup to let people know when the water play can begin.
- Because the last leg of the parade takes entries past the pool and this is typically a heavy water play area, an alternative route to the last leg of the parade will be available to all entries who would rather bypass this area all together. This alternative route ends at exactly the same location as the regular route. (See Map Attached)
- The area on 5<sup>th</sup> Street from Aztec to Ave. B and Ave. B to 6<sup>th</sup> Street (the end of the parade) will be designated a “water zone”. This is similar to Sea World’s soak zone in that if you do not want to risk getting wet watching the parade, **do not sit in this area.** (See Map Attached)
- We request water entries engage with parade spectators only after the spectator has made the first move. This is a sign that they want to engage in “water play”. We do not want unsuspecting, unprepared spectators to get soaked accidentally. People want to have fun with water; however, they do not want to be wiped out or risk injury. Keep your water engagement in a playful mode.

#### **Water Play Engagement**

- ❖ No projectile objects including water balloons are to be used on the parade route.
- ❖ No continual feed water supplies are to be used including hoses.

**If on any given spot on the parade route, the “water play” escalates to an unacceptable level, the parade will be stopped until the situation can be corrected.**

**MOST IMPORTANT  
USE GOOD BOUNDARIES AND HONOR THE REQUEST  
OF ENTRIES IDENTIFIED AS NON-WATER ENTRIES**

**Participating in water activities during the parade is not encouraged or sanctioned by the City of Boulder City or the Damboree Committee or their agents or representatives. Those who wish to participate in the water zone activities or to watch the parade from within the designated water zone must understand that by doing so they are participating in a potentially hazardous activity and are doing so at their sole peril and risk.**

**NOTE: IF THESE PARAMETERS OF OPERATION DO NOT CORRECT OUR SITUATION,  
FURTHER MEASURES WILL HAVE TO BE PUT IN PLACE.**

**The Damboree Committee appreciates your support in making the Damboree Parade the best community event possible. We are counting on everyone to help regulate these new parameters and to help educate the community at large as to what is acceptable behavior for our parade.**

## PARADE INFORMATION AND INSTRUCTIONS

Entries will be judged on: Best Portrayal of the Damboree, Appearance & Originality

Entry forms must be printed or typed with special attention to the entry description. This information is essential for the announcers to correctly describe your entry on the P.A. systems and television. The Parade Chairperson has final approval of your entry category.

Your line-up number will be available at [www.bcnv.org](http://www.bcnv.org) July 3, 2009. You must provide your own number signs with large, legible numbers, one for each side of your entry, attached or carried, in full view for the benefit of the judges, announcers and the public. You are to indicate that your entry is a non-water or water entry. We cannot stress the importance of arriving on time! The first unit steps out promptly at 9:00 a.m. and **late arrivals must fall in at the rear of the line-up**. All units must maintain a forward movement, keeping about 20 feet between entries. A map of the parade route is provided for you. All entries must provide their own transportation.

This promises to be the best year yet for a great Damboree Parade! Plan to come early and stay for all of the day's events. Booths and activities will take place in Broadbent Park (formerly Central Park) located between Fifth and Sixth Streets, bordering on Avenue B. Our fireworks show will start at 9:00 p.m., Saturday, July 4, 2009, at Veterans' Memorial Park. Donations are being solicited for the fireworks show. We hope to see you there.

PLEASE KEEP THESE INSTRUCTIONS FOR YOUR INFORMATION
