EQUAL PAYMENT PLAN

What is EPP?

Boulder City's Equal Payment Plan projects your average yearly utility costs and enables you to effectively pay 1/12 of your total yearly charges on a monthly basis. The EPP payment amount is adjusted yearly to accurately project your monthly payment.

You will still receive a monthly bill that shows:

- Meter readings for the month
- Charges for the amount of utility services used
- Exact costs that would normally be due
- The Equal Payment amount currently due
- EPP amount may be adjusted according to consumption pattern

Service location changes require any remaining balances on the EPP account to be paid in full.
