RESULTS OF CANVASS OF
THE GENERAL ELECTION
IN THE CITY OF BOULDER CITY
JUNE 15, 2021

The results of the June 15, 2021 General Election were canvassed comparing the computer printout of ballots counted and the results thereof with the official ballot statements for the 11 precincts used in the election.

In the 4,079 ballots cast in the 11 precincts located in Boulder City, there was one error in processing where a voter voted in the wrong precinct, however, the error had no effect on the results as all ballot styles (precincts) were identical. Thirty-six provisional ballots were cast and all were confirmed as eligible to be counted. There were no tabulation errors to report.

Therefore, as the duly appointed Registrar of Voters of Clark County, Nevada, I do hereby approve the canvassed results of the General Election for certification.

Joseph P. Gloria
Registrar of Voters

Carson City, NV 89710

Attn: Mark Wlaschin, Deputy Secretary for Elections

Dear Mark:

On June 1, 2021 the Accuracy Certification Board, duly appointed by me to serve for the June 15, 2021 Boulder City General Election, certified the accuracy of the automatic tabulating equipment and programs that will be used to count the official ballots of said election. These tests were conducted in strict compliance with all applicable Nevada statutes and regulations. A description of the procedures used is attached for your records.

Therefore, in compliance with NRS 293B.135, I am hereby forwarding to you the computer program utilized in the conduct of these tests, which will subsequently be utilized to tabulate all official ballots cast in the June 15, 2021 Boulder City General Election.

If you need any additional information, please let me know.

Sincerely,

Joseph P. Gloria
Registrar of Voters

I, JOSEPH P. GLORIA, the duly appointed Registrar of Voters of Clark County, Nevada, in accordance with NRS 293B.140, 293B.385, and 293C.665, do hereby appoint the following persons to serve as members of the Accuracy Certification Board:

TAMI McKAY – CITY CLERK, BOULDER CITY
LUANN HOLMES – CITY CLERK, LAS VEGAS
MONSERRAT CABRERA – DEMOCRAT

Said Board has met this date, pursuant to NRS 293B.150, to certify the automatic tabulating equipment and programs which were used to count the official ballots for the June 15, 2021 Boulder City General Election.

A handwritten signature in black ink, appearing to read "Joseph P. Gloria", is written over the typed name.

Joseph Paul Gloria, Registrar of Voters
Lorena Portillo, Assistant Registrar of Voters

June 15, 2021

We, the undersigned members of the Accuracy Certification Board for the June 15, 2021 Boulder City General Election, do hereby certify that the automatic tabulating equipment and programs for said election were tested for the following conditions and correctly counted the votes cast for all candidates in all offices and precincts.

1. In accordance with NRS 293B.155 (1), a pre audited group of logic and accuracy test ballots was so marked as to record a predetermined number of valid votes for each candidate and included for the office one or more ballots which have votes in excess of the number allowed by law in order to test the ability of the automatic tabulating equipment and programs to reject those votes; additionally, in accordance with Nevada Election Regulation 293B.080 for the type of ballot used in the county, the test deck contained not less than the same number of ballots as there are valid voting positions for an office; and allowed for the testing of each precinct, including the preparation of a cumulative report of the total votes cast for each voting position and a total count of the number of precincts.
2. In accordance with NRS 293B.385 (2), the Board verified that:
 - (a) Any invalid voting of a ballot will cause it to be rejected;
 - (b) Votes can be counted for each candidate and proposition;
 - (c) Any overvote for an office or proposition will cause a rejection of the vote for that office or proposition.
 - (d) When multiple votes may be cast, the maximum number of votes permitted a voter cannot be exceeded without rejecting the vote for that selection, but any undervote will be counted;
 - (e) Neither a voter's omission to vote nor his irregular vote on any particular office or proposition on the ballot will prevent the counting of his vote as to any other office or proposition on the ballot.

BOARD OF COUNTY COMMISSIONERS

MARILYN KIRKPATRICK, Chair • JAMES B. GIBSON, Vice Chair
JUSTIN C. JONES • WILLIAM MCCURDY II • ROSS MILLER • MICHAEL NAFT • TICK SEGERBLOM
YOLANDA T. KING, County Manager

3. The Board has verified that the computer or counting device was tested to determine how the system responds to:
- (a) Header cards that are upside down;
 - (b) Header cards that are reversed;
 - (c) Ballots that are upside down;
 - (d) Ballots that are reversed;
4. In accordance with NRS 293B.155 (2), if any errors were detected the cause was ascertained and corrected and an errorless count was made before the automatic tabulating equipment and programs were approved.

Further, in compliance with NRS 293B.155 (3), all reports, tables, programs and test materials were sealed in an appropriate container and identifying marks placed thereon. Attached is a description of the test design and execution.

Joseph Paul Gloria, Registrar of Voters
Lorena Portillo, Assistant Registrar of Voters

June 1, 2021

We, the undersigned members of the Accuracy Certification Board for the June 15, 2021 Boulder City General Election, do hereby certify that the automatic tabulating equipment and programs for said election were tested for the following conditions and correctly counted the votes cast for all candidates in all offices and precincts.

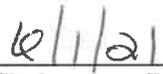

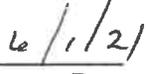

1. In accordance with NRS 293B.155 (1), a pre audited group of logic and accuracy test ballots was so marked as to record a predetermined number of valid votes for each candidate and included for the office one or more ballots which have votes in excess of the number allowed by law in order to test the ability of the automatic tabulating equipment and programs to reject those votes; additionally, in accordance with Nevada Election Regulation 293B.080 for the type of ballot used in the county, the test deck contained not less than the same number of ballots as there are valid voting positions for an office; and allowed for the testing of each precinct, including the preparation of a cumulative report of the total votes cast for each voting position and a total count of the number of precincts.
2. In accordance with NRS 293B.385 (2), the Board verified that:
 - (a) Any invalid voting of a ballot will cause it to be rejected;
 - (b) Votes can be counted for each candidate and proposition;
 - (c) Any overvote for an office or proposition will cause a rejection of the vote for that office or proposition.
 - (d) When multiple votes may be cast, the maximum number of votes permitted a voter cannot be exceeded without rejecting the vote for that selection, but any undervote will be counted;
 - (e) Neither a voter's omission to vote nor his irregular vote on any particular office or proposition on the ballot will prevent the counting of his vote as to any other office or proposition on the ballot.

BOARD OF COUNTY COMMISSIONERS

MARILYN KIRKPATRICK, Chair • JAMES B. GIBSON, Vice Chair
JUSTIN C. JONES • WILLIAM MCCURDY II • ROSS MILLER • MICHAEL NAFT • TICK SEGERBLOM
YOLANDA T. KING, County Manager

3. The Board has verified that the computer or counting device was tested to determine how the system responds to:
- (a) Header cards that are upside down;
 - (b) Header cards that are reversed;
 - (c) Ballots that are upside down;
 - (d) Ballots that are reversed;
4. In accordance with NRS 293B.155 (2), if any errors were detected the cause was ascertained and corrected and an errorless count was made before the automatic tabulating equipment and programs were approved.

Further, in compliance with NRS 293B.155 (3), all reports, tables, programs and test materials were sealed in an appropriate container and identifying marks placed thereon. Attached is a description of the test design and execution.

Post-Election Audit

2021 General Municipal Elections Audit of Voting Machine Firmware and Operating Systems

In accordance with Chapter 293B of the Nevada Administrative Code, an audit was conducted of 31 randomly selected ICX touchscreen voting machines used on Election Day or during the early voting period. The audit was conducted as follows:

- a. For each machine selected, the digital signature of the ICX firmware was verified against the hash code values published by the National Institute of Science and Technology (NIST) on the National Software Reference Library (NSRL).
- b. The results were compared.

The results of the audit showed that 100% of the time, the voting machine firmware hash code values matched the hash code values registered on the National Software Reference Library.

The numbers of the randomly selected machines were:

13891	13897	13852	13858	13874
13892	13898	13853	13859	13875
13893	13899	13854	13860	13876
13894	13900	13855	13871	13877
13895	13901	13856	13872	13878
13896	13851	13857	13873	13879
				13880

Post-Election Audit

2021 General Municipal Elections Audit of Voter Verifiable Paper Trail Printers

In accordance with Chapter 293B of the Nevada Administrative Code, an audit was conducted of 31 ICX touchscreen voting machines and the voter verifiable paper trail printer that was used with each machine. The audit was conducted as follows:

- a. For each machine selected, the voters' selections that were printed on the paper tape were manually tabulated by a panel of two people.
- b. The electronically recorded results for each machine were independently tabulated using the election tabulation software.
- c. The results were compared.

The results of the audit showed that 100% of the time, the electronically recorded results exactly matched the selections printed on the paper tape.

The numbers of the randomly selected machines were:

13891	13897	13852	13858	13874
13892	13898	13853	13859	13875
