

BOULDER CITY 74th DAMBOREE PARADE APPLICATION

The Damboree Committee appreciates your support in making the Parade the best community event possible. We are counting on everyone to adhere to our rules. Comments or questions should be directed to the Committee @ (702) 275-6582.

PARADE RULES

- 1) Entries have the option to be considered a water entry or non-water entry. Non-water entries will be placed at the beginning of the parade. Those who want to engage in water play (water entries) will be placed at the end of the parade. **A WATER ZONE** has been established from the corner of Ave A to Ave B & Ave B past the swimming pool (see attached map).
- 2) Crowd control measures will be put in place at the water play area to prevent participants from rushing out into the street and engaging vehicles. Parade viewers will be required to stand behind the barricades while engaging in water play. Water balloons or projectile objects are prohibited. **Spectators who do not follow the rules will be asked to leave the water play area and escorted away from the parade.**
- 3) No water balloons or projectile objects allowed in any parade vehicle and are prohibited at the Damboree.
- 4) Water entries & spectators are not permitted to have a continuous water source with high pressure nozzles of any kind to be included but not limited to pressure washers, hose with nozzles that increase pressure, or any other pressure increasing device.
- 5) No materials (candy, water balloons etc.) will be thrown along the parade route. Distribution of literature or any other material is prohibited, except with permission of the Parade Committee. Silly String is **NOT** permitted! If you wish to hand out candy or other approved material on the parade route, your volunteers will need to walk alongside your parade entry and hand out your items directly to the spectators.
- 6) **NO water play will be allowed on the parade route** from the start of the parade on Colorado St. to the turn off on Ave. A. Non-water entries are not to have water at all.
- 7) Water entries can engage with parade spectators only after the spectator has made the first move. This is a sign that they want to engage in “water play”. We do not want unsuspecting, unprepared spectators to accidentally get soaked. Participants may not exit their vehicle/float to engage in water play. Keep your water engagement in a playful mode.
- 8) Parade participants will remain in their vehicles at all times while on the parade route.
- 9) Vehicles with limited vision must provide communication between the driver and a point person on the street.
- 10) Entrants must observe all applicable rules and regulations and follow all instructions from police and/or parade officials. The Parade Committee reserves the right to remove any entrant from the parade either prior to assembly, at assembly or at any time during the parade.
- 11) The Parade Committee reserves the right to withdraw any unit of which the costume or performance does not meet these rules and regulations, or does not conform to the standards of reasonable community taste and decency.
- 12) Floats, or any other units, advocating, opposing, or depicting any social or religious issues are subject to approval by the Parade Committee.
- 13) Parade participants may not mingle with or accost parade spectators.
- 14) Alcoholic beverages are forbidden on any float, vehicle, or on the person of any parade participant. No profanity is allowed along the parade route or within the assembly areas.

- 15) Only forward movement maneuvers are permitted along the parade route. All entrants are required to open or close the gap between units when asked to do so by parade officials.
- 16) All equestrian units or other units with live animals must provide their own cleanup crew. The crews must pick up droppings in the staging area as well as on the parade route. THIS IS A MUST...IF YOU DO NOT HAVE YOUR OWN CLEANUP CREW, YOU WILL NOT BE ALLOWED ON THE PARADE ROUTE.
