Swing Dance

West Coast Swing is the state dance of California, although not many people know this. It began as an amalgamation of different connection-oriented swing dances during WWII, as thousands of sailors from different parts of the country congregated in our California ports. They brought with them many swing styles such as the Dallas Push, the Carolina Shag, Balboa, Jitterbug, and East Coast Swing. Later in the 60's and 70's, Motown, disco, and hustle also influenced the dance. Today, West Coast Swing continues to evolve with the latest music, which makes it very unique from all the other swing dances; however, we still dance to our roots in the blues.

Instructor, **Edgar Acosta** has been dancing since 2013. He has been teaching English for 25 years, the last 9 at Foothill HS, where he started a West Coast Swing Club in 2016. He is very excited to spread the love of this dance to more people in the community!!
