# City of Boulder City Safekey Behavior Expectation Plan

Name of child(ren): \_\_\_\_\_  
 \_\_\_\_\_

Safekey will make reasonable accommodations for all children to be successful in the Safekey Program. Safekey participants, including special needs children, must be able to follow Safekey staff direction, rules, and meet behavior expectations. At any time the Safekey Coordinator determines that a child is at risk of injuring themselves, others, or poses other safety issues, including yet not limited to, flight risk, hitting, biting, verbally antagonizing other children, or bullying, the Safekey program will take the following progressive correctional actions. Additionally, if there is an issue that prevents Safekey staff from being able to properly care for a child, the other children, or is harmful to staff, the following protocol will be used:

- 1<sup>st</sup> Time:** Child is directed to the correct behavior expectation.
- 2<sup>nd</sup> Time:** Child is sent to the Safekey Coordinator table and parent is notified.
- 3<sup>rd</sup> Time\*:** Child will be sent to the Safekey Coordinator and a parent will be called to remove the child from the program, for that day, and/or the following day.
- 4<sup>th</sup> Time\*:** At this time, if the child’s behavior does not improve to meet expectations, the parent will be called to immediately remove the child from the program and there will be a three day suspension from the program.
- 5<sup>th</sup> Time\*:** At this time, if a child’s behavior does not improve to meet expectations, the parent will be called to immediately remove the child from the program and there will be a two week suspension from the program.

If the undesired behavior continues upon the child’s return to the program, the parent will be notified to immediately remove the child from the program and will not be allowed to return to the program until it is determined that the child can meet Safekey behavior expectations. This will be determined by the Safekey Program Coordinator meeting with the parent and child & a parent observation of the child in the program will be required to identify the precise behavior modification that is needed for the child to be allowed to return to the program.

**\*Note: Parent or authorized pick-up person must be available to pick up the child within 30 minutes upon notification that the child is to be removed from the program.**

If the behavior expectations are not met by the child, it may be determined that the child will not be eligible to participate in the Safekey Program. The signatures below indicate agreement with the written policies of the City of Boulder City Safekey Program.
