

What's Happening around the City of Boulder City

## Volunteers Needed for AccessibleBC! A Working Group

We are seeking volunteers to address accessibility issues. AccessibleBC! A Working Group volunteers will help develop recommendations to improve accessibility and useability of City-owned buildings, parks, projects and infrastructure, such as sidewalks. The work group will consider industry best practices, Federal, State and Local regulations, and most importantly, personal experiences, for inclusive accessibility. We need volunteers who personally - or through a family member, close relation or their employment - live with a condition that affects daily activities. "Last year, when I presented to City Council about the projects that the City had done for better accessibility, I heard from residents who voiced additional concerns, who wanted to be a part of the process," said Tylour Tedder, City Manager. "This working group will bring those voices to the table to make sure we account for the needs of the community as a whole. We want to achieve better than ADA-compliance. We want Boulder City to be inclusive and welcoming to everyone." To volunteer, submit a short email explaining why you want to join to [commdev@bcnv.org](mailto:commdev@bcnv.org) or visit [www.bcnv.org/accessibleBC](http://www.bcnv.org/accessibleBC).
