

PUBLIC NOTICE

NOTICE IS HEREBY GIVEN about the following proposed changes to the City of Boulder City’s Electric, Water, and Wastewater rates, fees and charges:

The City of Boulder City (“City or “Boulder City”) is responsible for providing electricity, potable water, wastewater, raw water and reclaimed water services to residents and businesses within the City’s service area. The City currently serves a population of approximately 15,000 residents, with approximately 8,500 customer accounts. The City operates and maintains an extensive electric distribution system with two service connection points at Mead Substation and Boulder City Tap serving six substations. The City also operates and maintains an extensive water distribution system which delivers potable and raw water from Southern Nevada Water Authority (SNWA) treatment facilities. The City also operates and maintains a wastewater collection system and one reclamation facility and delivers reclaimed water via a main reclamation line for dust control and industrial purposes.

ELECTRIC

Description	Per	Usage Block		Rates			
		Existing	New	FY 2023	FY 2024	FY 2025	FY 2026
Energy Charge*	kWh			\$ -	\$ 0.0624	\$ 0.0624	\$ 0.0624
*Initial rate of \$0.0624, to be adjusted as needed to match actual cost							
Delivery Charges - Commercial - <300 kW

The City will make the information available at www.bcnv.org/rates.

Interested persons, including trade associations and owners and officers of businesses that are likely to be affected, may submit data and argument to the City as to whether the proposed increase of rates, fees and charges:

1. Impose a direct and significant economic burden upon a business; or
2. Directly restrict the formation, operation, expansion of a business.

Responses must be submitted in writing to City of Boulder City, Utilities Department, using one of the contact methods below and must arrive and be received by the City **no later than 6:00 p.m. on Thursday, June 15, 2023.**
