Please join Boulder City Public Works and the Lage Design team to discuss updates on the rehabilitation of the municipal golf course.

Boulder City continues its efforts to comply with restrictions due to the historic drought on Lake Mead. The irrigation system at the Boulder City Municipal Golf Course is 50 years old and inefficient. The state of the current system along with new restrictions by the Southern Nevada Water Authority (SNWA), have caused the City to need a complete redesign and replacement of the existing system. Lage Design Inc., was selected to complete the design work associated with the Golf Course Turf Reduction and Irrigation Replacement. Attend a
