## NEVADA WAY RECONSTRUCTION PROJECT

Our contractor, Unicon, LLC, is scheduled to begin work on the Nevada Way Reconstruction project on the evening of July 6, 2025 at 10:00 p.m. The project includes reconstruction of Nevada Way from the intersection with Wyoming Street to Colorado Street and work on Ash, Arizona and Wyoming Streets (see vicinity map, next page). Workdays and hours for the project will be Sunday night to Friday morning from 10:00 p.m. to 6:00 a.m. These hours are to help minimize the disruption to local businesses and the traveling public. Nevada Way will be open to traffic during non-working hours. We kindly ask for your continued support of our local businesses, who will remain open throughout construction.

Unicon will be starting Sunday night, July 6 at 10:00 p.m. closing down Nevada Way from Wyoming Street to Arizona Street to begin potholing and work on the underground utilities. To help ease parking concerns, see map (page 3) showing:

- All public parking lots
- Available street parking
- Designated oversized vehicle parking (including boats, RVs, etc.)

On Nevada Way, Unicon will be replacing underground utilities, water services, a water valve and a section of irrigation main, as part of the work. There will also be electrical underground work to relocate a streetlight and provide power to several street tree locations for lighting the trees that don't currently have festive lighting. The work on Nevada Way from Wyoming to Arizona includes removal of the existing curb & gutter, sidewalk replacements and widening, curb & gutter, modifications to the existing concrete bump outs to accommodate the sidewalk widening and drainage, installation of new decorative crosswalks, pulverizing the existing pavement and paving and striping of the street. From Arizona Street to Colorado Street the improvements include new decorative crosswalks, pulverizing the existing pavement and paving and striping of the street.

The work also includes improvements on Ash, Arizona and Wyoming Streets. Ash Street work will include a water valve replacement, concrete work at the Nevada Way/Wyoming intersection, a concrete cross gutter and slurry seal and striping from Nevada Way to Arizona Street. The Arizona Street work will include a slurry seal from Ash Street to Nevada Way. Work on Wyoming Street includes removal of the medians from Nevada Way to Avenue C/Hotel Plaza, concrete work, paving, slurry seal and striping.

Nevada Way will be closed to traffic during the work hours. Detours will be set up and speeds will be reduced. There will also be some sidewalk closures during construction. Sidewalk detours will be set up as needed. The traveling public is requested to obey the traffic control signs and stay out of the construction area during work hours for their safety and the safety of the construction crews.

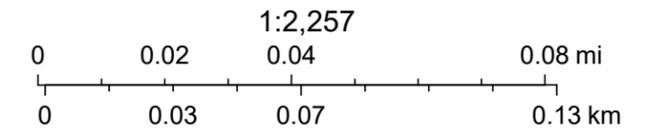

Parking in the construction zones will be restricted during the work hours from 10:00 p.m. to 6:00 a.m. Parking will be allowed during the day, non-work construction hours, but may be limited/reduced due to the construction activities being performed. Access to businesses will be provided at all times but during construction hours may only be accessed via the sidewalks. Local businesses will remain open throughout construction.

Construction is scheduled to be complete no later than September 25, 2025. We appreciate your patience and cooperation as we work to improve our community infrastructure.
