Council to Consider Proposed Ordinance on Motorized Items

After concerns raised by dozens of residents and a number of accidents involving motorized items, City Council will consider a proposed ordinance to establish strong, comprehensive regulations for operation of these items. The proposed ordinance addresses bicycles, electric bicycles, electric scooters, skates, toy vehicles, scooters and skateboards. It would cover circumstances that are not addressed in

state law. (*City staff removed from the proposed ordinance the prohibition on engaging the motor of an electric bicycle on the sidewalk. Under the proposed ordinance, electric bicycles and electric scooters would be allowed to operate on the sidewalk with due regard for pedestrians, traffic, weather, and other conditions, within applicable speed limits.*) City Council will discuss the ordinance at their Regular City Council Meeting scheduled on August 26, 2025 at 5:00 p.m. More details at www.bcnv.org/bikesafety.
