

Swing Dance

When you learn west coast swing, you'll learn how to move and groove to just about any music and with any partner! Don't worry if you have two left feet, anyone can learn how to dance and have a great time on the dance floor. If you want to feel confident at the next wedding, prom, bar mitzvah, quinceanera, house party, or bar hop, this is the class for you! We help wallflowers peel away from the proverbial wall and look cool doing it. When you join the class, you will also have an opportunity to socially dance at our monthly Boulder City Dam Dances for free.

Instructor Edgar Acosta has been dancing and competing since 2013. He's a CCSD English teacher who started the West Coast Swing Club at Foothill HS in 2016. He is excited to spread a love for the dance to everyone in our Boulder City community!
