Pool Pump Rebate App

Website: www.bcnv.org/284

Pool Pump Rebate Program Eligibility Requirements

The Pool Pump Rebate Program is available to all Boulder City residential electric customers with existing single speed pool pumps. The following eligibility requirements apply:

1. To be eligible for a rebate, the system must be a new two speed or multi speed pool pump installation that replaces an existing single speed pool pump in an existing home in the Boulder City electric service territory.
2. A completed rebate application form must be submitted within **90 days** of the installation date.
3. A dated contractor invoice will be required as proof of installation date.
4. Residential purchasers of qualifying equipment may be subject to an on-site inspection by a Boulder City representative to verify equipment is properly installed and operational.
5. Rebate amounts are per unit and are \$100 for two speed pumps and \$200 for variable speed pumps.
6. Swimming pool must be a permanent fixture with a permanently installed pump, motor, filter and automatic timer to control the operation of the pump.
7. Customers must fulfill all program guidelines and submit a complete rebate application form and all applicable transactional data to be eligible for incentives.
8. Submit all documents described in the Submittal Checklist below.

Note: Above ground, empty pools and stand-alone spas are not eligible for the pool rebate.

Submittal Checklist

- The Applicant submits this application, complete, to Public Works for approval
- Pool pump supplier paid invoice with purchase date
- A copy of the last utility bill
- Pictures of the new unit installed
- Pictures of old unit including the model #
- Picture of grounding electrode connected to new pool pump
- Picture of the service tag including the model #

This application will **NOT** be accepted unless all documents are included and all boxes are checked.
