Customer Signature and Acceptance

I testify that the information provided on this rebate application is true and accurate. I also agree to abide by the terms and requirements outlined in the City of Boulder City's Program. I recognize that all the elements of the program are subject to periodic review and can be amended, altered or discontinued at the discretion of the City of Boulder City. I also recognize and agree the City may choose to physically inspect the solar water heating unit and may disallow payment of a rebate if the solar water heater does not meet the program requirements as defined and intended by the City.

Residential Electric Customers Only.

Supplemental Solar Domestic Water Heater Rebate Program Requirements

1. To be eligible for a rebate, the unit must be a supplement to an existing electric water heater.
2. A completed rebate application form must be submitted within 60 days of the installation date.
3. A dated contractor invoice, dealer invoice, or proof of purchase will be required as proof of installation date.
4. A minimum of 40 gallons of solar storage is required.
5. Residential purchasers of qualifying solar water heaters may be subject to an on-site inspection by a Boulder City representative to verify installation and product information.
6. Solar water heaters must be SRCC (Solar Rating Certification Corporation) certified.
7. Solar water heater installer is responsible for determining the optimal location of the solar collectors. The proposed location must provide maximum benefits.
8. Customer agrees to maintain the installed solar water heater system in proper working condition for a minimum period of five years. Failure to do so may constitute a repayment of a prorated portion of the rebate that shall become due and payable to Boulder City. In addition, customer agrees to allow Boulder City to perform equipment inspection(s).
9. Manufacturer must provide a minimum five year warranty on major components. Additionally, the system shall be designed for frost protection and scale elimination or remediation.
