City Names New CIP Coordinator

Congratulations to Carol Lelles, who is moving into her new role of Capital Improvement Projects (CIP) Coordinator for Boulder City! She will initiate, expedite, facilitate, monitor, and assist with budget development of capital improvement projects. The work includes acting as a single point of contact for projects throughout the planning, budgeting, design, review, construction, and inspection processes; monitoring project costs ensuring projects meet budget constraints; ensuring the project stays on schedule and that the schedule is regularly briefed within the City. As Boulder City's Finance Operations Coordinator for the past year and a half, she has helped the City with several high-profile projects. The transition will take a little while, so she will not be moving to Public Works immediately. "I am looking forward to working with fellow staff on all components of the CIP projects to provide timely communication and progress throughout the process," Carol said.
