## Help Develop Our Historic Preservation Plan

Goal D, Strategy 2 of the City's 2025 Strategic Plan is to develop a Historic Preservation Plan for the community. When complete, the plan will have measureable, actionable goals that will help guide the City with future historic preservation efforts.

The Nevada Preservation Foundation (NPF) is helping the community develop the plan. While meetings could not be held this summer due to COVID-19, the City has been working with NPF on ways to receive community input to allow them to move forward with their work.

NPF produced an update on the Boulder City Historic Preservation Plan, which you can find on YouTube at <https://youtu.be/VWn0ZKFZqAQ> and BCTV. The presentation is based on community feedback, archival research, and analysis of potential historic resources in Boulder City.

Participation is easy! All you need to do is contact NPF at 855.968.3973, extension 2 or by emailing [BoulderCity@NevadaPreservation.org](mailto:BoulderCity@NevadaPreservation.org) to let them know your preferred method for feedback. When you contact NPF please provide the following information:

- Full Name
- Telephone Number
- Email Address
- Mailing Address
- Your Feedback Option

## EXTENDED: Boulder City COVID-19 Testing Clinics

Boulder City, in partnership with the Southern Nevada Health District and Boulder City Hospital, is extending free COVID-19 nasal swab testing\* for the community through the month of November. No doctors orders are required. By appointment only on Tuesdays:

November 3, November 10, November 17 and November 24, 2020

8:00 a.m. - 10:00 a.m.

Boulder City Fire Department

1101 Elm Street, Boulder City, NV 89005

Boulder City Paramedics and Boulder City Hospital Nurses will administer the nasal swab tests, which are shorter and far less invasive than the earlier tests. Patients must provide a name, address, and contact information in order to get the free testing. Results take about one week.

YOU MUST MAKE AN APPOINTMENT TO BE TESTED: Call 702.293.9256 Monday through Thursday from 8:00 a.m. - 5:00 p.m. to make an appointment.

*\*Nasal swab tests determine if you currently have the virus; they are not blood tests to determine antibodies.*
