Youth Sports Manual

PURPOSE

To guide each participant through an organized program and to develop the fundamentals of sports and team play through teaching, training, and sportsmanship. Participation, skill acquisition, sportsmanship, and fun are the goals of the programs as well as fostering a positive attitude without overly emphasizing, as a primary goal, winning every game. These goals must be kept in mind at all times by coaches, players, officials, parents, and spectators.

TEAM ESTABLISHMENT

- A. Players must register with the Recreation Department and may attend scheduled skills clinics.
- B. Teams will be made in the following format and procedure which will be conducted by a representative of the Recreation Department.
 - 1. Players will be assigned randomly to teams according to a rating system.
 - 2. The ratings are assigned to players as a result of their performance from their prior season. It is given by the coach and may be adjusted by comparing players to other players at the clinics. This is used as a method to balance the teams as equally as possible.

 - 4. Brothers and sisters will automatically be drafted on the same teams unless otherwise requested by the parent.
 - 5. Each team will be allowed a maximum of two (2) official coaches.

TEAM REQUESTS

Although the Recreation Department realizes requesting certain teams or coaches for reasons of transportation, baby-sitting, friends, favorite coaches, etc., would be appreciated by many parents, honoring such requests for everyone would be impractical and impossible. Our policy is that all players will be randomly assigned to teams by Recreation Department staff. However, brothers and sisters will automatically be drafted on the same team unless otherwise requested. No requests will be honored.
NO EXCEPTIONS.
